

DO YOUR OIL STORAGE FACILITIES COMPLY WITH THE LATEST OIL STORAGE REGULATIONS?

DERVPACKS are designed to offer you a very high level of security for storage of fuel and to help you to comply with the latest Oil Storage Regulations.

- Easy to install with no underground pipework, simply sit on the ground, connect up to a power supply and fill up with fuel.
- Channels fully welded to base so air can circulate underneath to prevent corrosion.
- Lockable roller shutter door with large security cabinet.
- Choice of dispensing options.
- Can be made up to 80,000 litre capacity and to any dimensions.
- Choice of colours including any corporate colours.
